Paints: Water mixable oil or Acrylic Paint.
No traditional oil paints or solvents please.

Five colours are needed for the limited palette:

Titanium White

Ultramarine Blue

Cadmium red light or Cadmium red light hue (warm red)

Alizarin Crimson (cool red)

Cadmium yellow light or Cadmium yellow light hue

Optional: Any other colours you may have or wish to purchase. Sap green is convenient. Quinocridone red mixes nice pinks, mauves and greys. Viridian green is useful for certain sky greys and for painting sand. Cerulean blue is a warm blue.

Painting Knife (not palette knife) with pointed metal or plastic blade, Trowel shape. inverted handle. The diamond shaped blade will be about ½" wide by 1;5" long.

Brushes: Will be discussed in class 1 as price and quality varies significantly. Use the brushes you have and prefer for oil or acrylic. If purchasing new ones, buy the best brushes affordable; they are one of your most important tools.

At least have either one Flat (straight tip), Filbert (curved tip), or Bright (straight tip but shorter bristles), long handle, **bristle:** # 6 (about 1/2 " across of bristles).

Caution because some makers numbers vary, so look for the size ½" width for the bristle end width.

Canvas panels or boards. 8x10", 9 x 12", 11x14"

Have 2-3 on hand per week. These are available at any art supply store. The 8x10' canvas boards from the dollar stores are fine, but not anything larger as quality goes down.

Palette – have good size *flat* mixing space.

Tear off paper palettes are convenient. Putting foil over a cookie sheet will give a good size mixing space.

Colour Wheel A basic colour wheel can be downloaded from the internet and saved to a file on your computer for reference and/or for printing.

Easel or Table top. Basic easels are available in class or you may bring your own.

Table top is fine if you prefer to sit, or until you are sure what your needs and wants are.

Tripod metal and wood easels are available in all sizes; for preference of either sitting or standing.
