

My preferred water colour tubes are listed below. I have listed the colours, not the brand. Different brands have varying names for colours. As close as possible to the listed colours would be fine.

DaVinci has good medium grade water colour tubes. Reeves and Winsor and Newton are well established brands.

Please bring whatever you have as well.

Alizarin crimson

Cadmium red

Cadmium or Hansa yellow

Indian yellow

Burnt sienna

Ultramarine blue

Teal or turquoise

Windsor Blue

Sap green

Fuschia or opera

Watercolour palette
