

Portrait Painting from a Photograph for Beginners with Instructor Connie Lee

Please note- 1 week prior to the workshop:

1 week prior to the workshop, send me 3 different head images of subjects, or a subject, that you wish to paint to my email (connielee.art@yahoo.com). The subject could be yourself, your loved ones, celebrities, or any other people.

Photos need to be original without using filters, and high resolution. Photos should only include head, neck, and could include a bit of shoulders.

I could help you pick the best photo that translates best as a painting. I will print out the photo of your choice and bring it to the class.
